JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 5313) making appropriations for military construction for the Department of Defense for the fiscal year ending September 30, 1991, and for other purposes, submit the following joint statement to the House and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

ITEMS OF GENERAL INTEREST

Overseas Military Construction.—The conferees agree to make substantial reductions to the Department's request for military construction overseas. The conference agreement reduces the overseas construction request by 79 percent and reduces NATO Infrastructure program by 54 percent. In addition, the House and Senate have respectively supported the Administration's rescission request to cancel projects overseas in the amount of $286,419,000.

The conferees have taken this action because of the great uncertainty regarding forward deployed forces overseas together with the Department's need to develop force and basing plans as a part of its six-year Defense plan. Therefore, the conferees have agreed to fund only critical projects or projects that are the result of a nation-to-nation agreement.

The conferees agree that the Department should critically review its overseas base structure in terms of reduced force goals overseas and the need for more burdensharing by our allies.

Guard and Reserve Programs.—The conferees continue to support facility construction funding for the Guard and Reserve. As a result, the conferees have agreed to provide funding for the Guard and Reserve at about last year's funding level rather than support the Administration's proposed 60 percent reduction. Restoration of this funding level was more than offset by reductions in overseas construction.

On-Going Base Closures.—The conferees understand that the Secretary of Defense plans to issue recommendations for future military base closures and realignments. The conferees note that pursuant to Public Law 100–526, the Secretary is governed by the recommendations of the Base Realignment and Closure Commission, which are legally binding. The conferees expect those recommendations to be carried out in accordance with the timetable established by Public Law 100–526 notwithstanding any subsequent base closing recommendations.

Homeowners Assistance Fund.—The conferees expect that funds from the Base Closure Account can be utilized to support the Homeowners Assistance program for areas impacted by the current base closures recommended by the Base Closure Commission pursuant to Public Law 100–526. The conferees also believe that opportunities may exist to utilize the private sector in the administration of the program in instances where it is demonstrated to be a more cost-effective alternative. The conferees continue to support private sector participation in the Homeowners Assistance program and direct the Department to submit a report by March 1, 1991 to the Committees on Appropriations on actions taken to implement a realistic cost-effective plan for this program which includes private sector participation. The conferees also object to permanent legislation that would provide unlimited transfer authority from funds available to the Department of Defense to fund the Homeowners Assistance program.

Authorization Initiatives.—The conferees note that a number of projects were included in the National Defense Authorization Act for fiscal year 1991, but were not included by either the House or the Senate during consideration of the Military Construction Appropriations Act. The conferees agree to consider reprogramming requests for any such projects for which authorization is enacted into law.

Matters Addressed by Only One Committee.—The language and allocations set forth in House Report 101–608 and Senate Report 101–410 should be complied with unless specifically addressed to the contrary in this conference report and statement of the managers. Report language included by the House which is not changed by the report of the Senate or the conference, and Senate report language is not changed by the conference is approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases in which the House or the Senate have directed the submission of a report from the Department of Defense, such report is to be submitted to both House and Senate Committees on Appropriations.

PROGRAM, PROJECT AND ACTIVITY

For purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99–177) as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987, (Public Law 100–119), the term "Program, Project and Activity" will continue to be defined as the appropriation account.

Unspecified Worldwide Locations—General Reduction	0

California—Miramar Naval Air Station, California.—The conferees are aware of the local interest in construction of a joint use military and civilian airport on Miramar Naval Air Station. The conferees direct the Secretary of the Navy to study the impact and feasibility of such a joint use airfield and report to the Committees

on Appropriations no later than February 15, 1991. The study should include an analysis of the effects of a joint-use airport on: administration, staffing levels, training, safety, noise levels and potential ground passenger traffic in the vicinity of Miramar. The study should analyze how the current "touch and go" operations at Miramar could be conducted in a way not to interfere with a joint-use airport. In addition, any potential cost savings available from sharing the operational and infrastructure costs between the Navy and a civilian airport authority should be included.

Guam—Camp Covington: Mess Hall.—The conferees agree that the rescission of fiscal year 1990 Military Construction, Navy appropriations shall not be derived from this project but offset by a general reduction of $4,300,000 to other projects outside the United States. The conferees support this important project and direct that it be executed in a timely fashion.

Amendment No. 4. Earmarks $74,451,000 for study, planning, design, architect and engineer services instead of $76,951,000 as proposed by the House and $71,951,000 as proposed by the Senate.

Military Construction, Air Force

(Including Rescissions)

Amendment No. 5

Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum stricken and inserted by said amendment, insert: *$949,094,000 and rescission of $26,000,000 of the funds appropriated for "Military Construction, Air Force" under Public Law 101-148 in addition to the rescissions listed subsequently in this paragraph*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of Senate.

The conference agreement appropriates $949,094,000 instead of $949,446,000 as proposed by the House and $891,784,000 as proposed by the Senate. In addition, the conference agreement rescinds $26,000,000 in fiscal year 1990 funds to be derived from MX Rail Garrison projects at F.E. Warren AFB, Wyoming. California—Beale AFB: Hazardous Material/Waste Facility.—The conferees direct the Department to submit a reprogramming request of $790,000 for this project. Funding for the reprogramming is available from savings in connection with the KC-135 Operational Flight Trainer Support project at Beale AFB.

Portugal—Lajes Field: Hydrant Fueling System.—The conferees have agreed that the rescission of fiscal year 1990 Military Construction, Air Force appropriations shall not be derived from this project but offset by a general reduction of $6,100,000 to other projects outside the United States. The conferees expect this project to be executed in a timely fashion because of its importance to the Persian Gulf mission.

Amendment No. 6

Earmarks $94,241,000 for study, planning, design, architect and engineer services instead of $107,741,000 as proposed by the House and $80,741,000 as proposed by the Senate.

Amendment No. 7

Deletes language proposed by the Senate which would have prohibited the use of funds for relocation of the 37th Tactical Fighter Wing (F-117A aircraft) from the Tonopah Research Site, Nevada, until certain conditions are met.

MILITARY CONSTRUCTION, DEFENSE AGENCIES

(Including Transfer of Funds)

(Including Rescissions)

Amendment No. 8

Appropriates $601,288,000 for Military Construction, Defense Agencies, instead of $625,326,000 as proposed by the House and $600,113,000 as proposed by the Senate. The conferees agree to the following additions and deletions to the amounts and line items as proposed by the House:

Georgia—Fort Benning: Add/Alter Elementary School	+$1,500,000

The conferees agree to fund all other items in conference at the level proposed by the House, as shown below:

New Mexico—White Sands Missile Range: Large Blast/Thermal Simulator, Phase I	$45,000,000

Texas—Fort Sam Houston: Hospital Replacement (Phase IV)	50,000,000
Virginia—Dahlgren Space Surveillance Sys: Add/Alter School	0
Korea—Camp Casey: Troop Medical Clinic Replacement	1,000,000
Worldwide Unspecified—General Reduction	0
Planning and Design—General Reduction	0
Unspecified Minor Construction (DoDDS)	2,000,000

Amendment No. 9

Earmarks $94,285,000 for study, planning, design, architect and engineer services as proposed by the House instead of $74,285,000 as proposed by the Senate.

Classified Projects.—The conferees agree to provide a deficiency allowance of $8,100,000 for an operations complex at Fort Bragg, North Carolina, together with $2,000,000 for land acquisition to expand an existing parachute training and test facility. The conferees direct the Department to utilize emergency construction authority for these projects.

Energy Conservation.—The conferees note that the Department has significantly reduced its request for capital investment funding to implement permanent facilities improvements and retrofit projects for energy conservation. Therefore, funds in the amount of $10,000,000 are provided for the Department to begin to initiate a comprehensive program of energy use reduction. The Department is directed to report to the Committees on Appropriations by March 1, 1991, on how these funds will be utilized and what steps are being taken to increase emphasis on sound energy resource management in order to achieve rapid payback and significant cost savings.

NORTH ATLANTIC TREATY ORGANIZATION INFRASTRUCTURE

Amendment No. 10

Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum stricken and inserted by said amendment, insert: *$192,700,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of Senate.

The conference agreement appropriates $192,700,000 for the North Atlantic Treaty Organization Infrastructure program instead of $250,000,000 as proposed by the House and $210,400,000 as proposed by the Senate.

Amendment No. 11

Restores House language stricken by the Senate, which prohibits the use of unobligated funds, including recoupments in connection with construction of a base for the 401st Tactical Fighter Wing at Crotone, Italy.

Amendment No. 12

Restores House language stricken by the Senate, which prohibits the use of funds in any other Act in connection with construction of a base for the 401st Tactical Fighter Wing at Crotone, Italy.

Amendment No. 13

Deletes the language "until authorized by Congress" as proposed by the Senate.

North Carolina-Concord: Organizational Maintenance Shop.—The Committee is concerned about the quality of the maintenance fa-

cilities available to the 1454th Transportation Company, North Carolina National Guard. This unit has an exceptional record and has now been deployed to Saudi Arabia to provide critical support in Operation Desert Shield. Unfortunately the current maintenance facility is outdated and badly in need of replacement. This unit provides valuable support for four units located in Concord and Salisbury, North Carolina. The Committee directs the Department to expedite the design for this maintenance facility so it can be considered for inclusion in the next budget cycle.

Military Construction, Air National Guard

Amendment No. 15

Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

Family Housing, Army

(Including Rescissions)

Amendment No. 19

Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum stricken and inserted by said amendment, insert: *$74,300,000*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement appropriates $74,300,000 for Construction, Family Housing, Army, instead of $61,800,000 as proposed by the House and $61,700,000 as proposed by the Senate.

The conferees agree to the following addition and reduction to the amounts and line items as proposed by the House:

Kansas—Fort Riley (250 units)	$+16,500,000
Construction Improvements	−4,000,000

Kansas—Fort Riley.—The conferees agree to provide $16,500,000 for construction of 250 new family housing units. The conferees also agree to a reduction of $4,000,000 for a budgeted construction improvement project, involving 104 existing units which are no longer required.

Amendment No. 20

Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the sum stricken and inserted by said amendment, insert: *$1,538,267,000.*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

The conference agreement appropriates a total of $1,538,267,000 for Family Housing, Army, instead of $1,525,767,000 as proposed by

the House and $1,525,667,000 as proposed by the Senate. This sum is derived from the conference agreement on amendment No. 19.

FAMILY HOUSING, NAVY AND MARINE CORPS

(Including Rescission)

Amendment No. 21

Appropriates $174,917,000 for Construction, Family Housing, Navy and Marine Corps, instead of $185,000,000 as proposed by the House and $138,607,000 as proposed by the Senate.

The conferees agree to the following addition and deletions to the amounts and line items as proposed by the House:

California—Pacific Missile Test Center Point Mugu: Office	−$513,000
Nevada—Fallon NAS (80 units)	+10,500,000
New York—Naval Station New York: 150 units	−19,692,000
Bermuda—Naval Air Station (Office)	−378,000

The conferees agree to fund all other items in conference at the level proposed by the House, as shown below:

California—Marine Corps Base Camp Pendleton: (116 units)	$11,805,000
California—Naval Station Long Beach (300 units)	25,018,000

New York—Naval Station New York: Family Housing.—The conferees have deferred without prejudice funding of $19,692,000 because of lack of authorization. The conferees understand the need for such housing, and direct the Department to consider utilizing Section 802 authority (rental guarantee) if deemed appropriate. Otherwise, the Department is encouraged to request family housing construction funds in the fiscal year 1992 budget.

Amendment No. 22

Appropriates a total of $866,018,000 for Family Housing, Navy and Marine Corps, instead of $876,101,000 as proposed by the House and $829,708,000 as proposed by the Senate. This sum is derived from the conference agreement on amendment number 21.

FAMILY HOUSING, AIR FORCE

(Including Rescissions)

Amendment No. 23

Appropriates $162,957,000 for Construction Family Housing, Air Force, instead of $185,100,000 as proposed by the House and $138,988,000 as proposed by the Senate.

The conferees agree to the following addition and reduction to the amounts and line items as proposed by the House:

Nevada—Nellis AFB: 13 units	+$1,600,000
Construction Improvements	−23,743,000

The conferees agree to fund the other item in conference at the level proposed by the House, as shown below:

Texas—Kelly AFB (11 units)	$1,369,000

Nevada-Nellis AFB.—The conferees agree to funding of $1,600,000 for 13 units of housing at Nellis AFB. This funding is provided since it would be more cost-effective to build new units rather than repair existing units as requested in the budget.

Construction Improvements.—The conferees direct that the reduction in this account shall be taken at overseas locations and at Nellis AFB, and that the funds provided include $11,300,000 for Phase III of the construction improvement project at Eaker AFB, Arkansas which will accomplish improvements to 186 family housing units.

Amendment No. 24

Appropriates a total of $934,399,000 for Family Housing, Air Force, instead of $956,542,000 as proposed by the House and $910,430,000 as proposed by the Senate. This sum is derived from the conference agreement on amendment number 23.

BASE REALIGNMENT AND CLOSURE ACCOUNT

Amendment No. 25

Appropriates $998,100,000 for the Base Realignment and Closure Account as proposed by the House instead of $916,500,000 as proposed by the Senate.

Amendmenmt No. 26

Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate with an amendment as follows:

In lieu of the matter stricken by said amendment, insert: *$100,000,000 of the*

The managers on the part of the Senate will move to concur in the amendment of the House to the amendment of the Senate.

Amendment No. 27

Restores "solely", which was stricken by the Senate.

In amendments numbered 26 and 27, the conferees have agreed to earmark $100,000,000 for environmental restoration, instead of $81,600,000 as proposed by the House and no specific amount as proposed by the Senate, in connection with base realignments and base closures. The conferees also note that these funds should not be considered the sole source of funding for environmental restoration since authority exists to utilize receipts from funds deposited in the Base Closure Account from land sales.

The conferees believe that environmental cleanup to facilitate expedited reutilization of land and facilities to be an important element to economic recovery in areas impacted by base closures. Therefore, the Secretary of Defense is directed to submit to the Appropriations Committees a report, by March 1, 1991, that describes how the Department plans to expedite environmental cleanup at closed bases.

GENERAL PROVISIONS

Amendment No. 28

Reported in technical disagreement. The managers on the part of the House will offer a motion to recede and concur in the amendment of the Senate which provides authority for land conveyance at Fort Douglas, Utah.

Amendment No. 29

Deletes language proposed by the Senate which would have prohibited foreign government participation in public works projects under certain circumstances.

Amendment No. 30

Reported in disagreement.

Amendment No. 31

Reported in disagreement.
